Reasons for excisions:

One excision to the sexually explicit feature is required to remove material that tends to promote and support the exploitation of young persons for sexual purposes. The DVD's theme is older women having sex with younger women. The lengthy introductory sequence to scene two shows a young woman dressed in youthful clothing and behaving like a high school-aged girl. She is in a therapist's office discussing her emotional confusion at her sexual feelings for another schoolgirl. This scenario is established via dialogue around her experiences at school and the office setting in which the conversation takes place. Although adult role-play is involved, the participants play their respective roles convincingly which, to a lesser degree, also raises the issue of the abuse of trust within a professional relationship. The presentation as a whole is contrived to give the impression that young persons are sexually available to adults and legitimate subjects for adult sexual fantasies.
